

# engage emerge evolve

Youth program alumni are now on staff, a long-vacant building has been transformed into a community of new homes, and our ancestors are honored in public art.

---

## To Our Hope Community:

Two years ago, Hope designed a plan for strategic direction focused on 4 key themes that guide us: Listening and Learning, Community Ownership, Capacity Building, and Entrepreneurship. In 2023, as our work continued to emerge and evolve, these principles served as our foundation for reflecting on where we've been, where we are now, and where we want to go.

Our organization experienced some significant change last year as we entered an executive leadership transition. The interim period has allowed us (both Board and staff) to reflect deeply on our philosophy of leadership at Hope, and to recognize all the ways we have built leadership into roles throughout our organization. We celebrate how our Board,

director team, staff, and community leaders have maintained and continued to grow our work as leaders during this time.

Over the years, we have maintained deep engagement with our community and its leaders. We have built an organization that is able to evolve along with community, and our work is grounded in processes that reinforce trust and connections as opportunities for growth and change emerge and take shape.

In this 2023 Annual Report, we're excited to share the stories of how we've been engaging, emerging, and evolving in the last year. You'll read stories that are current and new, but they

all reflect the things that have guided us from the beginning. The stories change but the Hope Way stays the same. Youth program alumni are now on staff, a long-vacant building has become new homes, and our ancestors are honored in public art—just to name a few examples.

You'll also learn about what it takes for us to continue to sustain this work. The impact of our giving community is woven through our stories and has always been instrumental in our ability to stay true to the Hope Way. Dedicated investment over the years has built power, and it will carry us forward. As our evolution continues, we offer our gratitude and our invitation to join us in what emerges.

---

In solidarity,  
Co-Executive Directors (Interim)

Will Delaney

Chaka Mkali

Every step of the way we are listening and responding directly to what we hear and learn from the members of our community. This is an ongoing process of collaborative thinking, imagining, and co-creating.

## **Engagement is our way of being. We move forward together.**

---

We don't begin already knowing where we will end. We ask questions, explore possibilities, and try things out. What comes next is based on what we learn. We trust the community we engage and we trust the integrity of our process.

## **Our approach requires us to be flexible, inclusive, relational, and appropriately paced. That is how our work **emerges**.**

---

We change with intention over time in response to our surroundings, according to our values, and in service to our vision of the world as it should be. We advance racial and economic equity, cultivate strong and healthy communities, and promote self-determination and community leadership.

## **Our work looks different over time as we respond to changing conditions. We **evolve**.**

# Youth Learning & Leadership

*“The staff are such amazing leaders! They care about each kid and will go out of their way for everyone. They push me to make the best art I can and believe in me.”*

*—YLL Participant*

Cultivating leadership in young people is part of all our youth programs at Hope. Last year, we were proud to create two new staff positions for youth program alumni. Tez and Isaiah both came to Hope when the Teen Tech Center opened in 2017 and now they are bringing their own leadership and vision to its programs!

**244** young people participated in YLL programs in 2023; **1,480** internship hours were completed; **410** hours were spent in the tech center recording studio

---

# Power of Vision

**73** people participated in creating the mural; **5** public events—2 story circles, 2 public paint days, unveiling; honoring **30** years of Ms. Bunny’s work with Hope

---

In 2023, Power of Vision collaborated with community leaders and relatives to paint a mural honoring the life of Ms. Bunny Ruiz, “She Who Welcomes You and Brings You Hope.” Ms. Bunny welcomed people to Hope across decades, and her memory lives on, bringing new vibrancy to the Hope Commons.

*“Bunny was so comforting and precious and always there—she was just wonderful, from sunrise to sunset, and still with us every day.”*

*—Char Madigan, Hope Founder*

# Renovation of The 628 building

**7** new perpetually affordable homes—opportunities for family homeownership and wealth-building; **20** years of partnership with City of Lakes Community Land Trust

After decades of vacancy and boarded windows, we were thrilled to celebrate the grand opening of The 628 last year on Franklin Avenue. The vision to turn this building into affordable housing was born at Hope in the early 1990s, and we are so pleased to welcome neighbors to these new homes.

*“By reclaiming properties devastated by disinvestment, Hope uplifts the hopes and dreams of the community. In 2003, we began the journey to reclaim 628 East Franklin Avenue. Hope succeeded in 2023!”*

*—Deanna Abbott-Foster, Former Hope Executive Director*

# Food, Land & Community

*“Urban agriculture keeps people fed so people don’t go hungry. It keeps community healthier physically, mentally, emotionally, and spiritually. It can combat isolation, which is the root of a lot of our problems.”*  
—Listening Session participant

Last year, Hope’s Food, Land, & Community team conducted a series of Listening Sessions to talk with community members about urban gardening in the Phillips neighborhood. They heard the importance of cultivating urban green spaces and food systems led by the vision of community.

**8** Listening Sessions with **5** organizational partners and **163** total participants, and produce distributed to community with an estimated total value of **\$10,000**

# Parks & Power

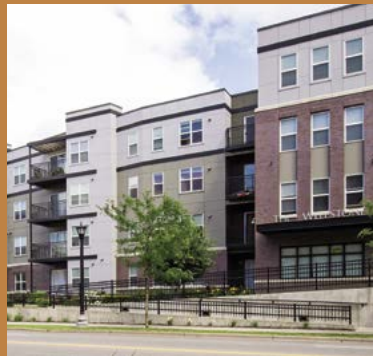

*“A lot of people are impacted by this, so it’s important for us to share our stories, talk about what’s going on, so that we can support and protect each other.”*

*—Roxanne, Parks and Power Organizer*

Hope’s Parks & Power team has taken the lead in convening environmental justice advocates across the metro, focused on forced removal of ash trees on the Northside. Trees are being lost and residents are being charged more than they can afford. Hope organizers have built a campaign to hold public officials accountable.

**258** people participated in events and activities; more than **30** people provided testimony on their personal experiences with tree removal; **\$500,000** secured in public support for homeowners

# Community Ownership

**7th** and **8th** cohorts completed with **25** new graduates; **11** participants who have gone on to become homeowners since 2020

Hope’s Community Ownership program is building systems that create wealth and opportunities in our communities. In 2023, we celebrated the graduation of the 8th cohort of training participants learning about how to become owner occupant landlords as a potential path to homeownership.

*“...that was very important to me—to leave something behind to my children. What wealth can I build not just for me but for generations to come?”*

*— Monisha, Community Ownership program participant*

# What it takes

## OUR GIVING COMMUNITY

Hope donors are an essential piece of the equation that powers our work and strengthens our community. Your generosity helps us ask and answer bold questions, as you join us in listening, visioning, and discovering what it takes to engage, emerge, and evolve. This is how we catalyze community capacity, leadership, entrepreneurship, and ownership. We continue to learn, grow, and change. We continue to affirm that community is not the barrier, but the solution. Together, we have what it takes. To all who have joined our giving community over the years, we celebrate and thank you. Our gratitude is abundant.

---

### Legend of Donor list colors (on 2 pages following)

If you are one of our supporters and you do not see your name on our list, please contact:

Lauren Daumueller  
ldaumueller@hope-community.org  
(612) 435-1695

And, know you are appreciated.

### STEADY SUPPORT

Last year, it took \$2.65 million to maintain Hope's operations to provide safe, dignified housing and to build community, capacity, and power.

Ongoing investments from our committed supporters are essential for us to respond to community needs, implement community solutions, and maintain balanced, sustainable workloads for our staff.

### INVESTING IN GROWTH

Growth is necessary for us to stay true to our mission and values and to maintain the quality and consistency of our work. To keep pace with rising costs, we have had to increase our budget by more than 15% over the last two years.

We believe in the collective abundance of our community and our collective ability to move resources where they will be leveraged for the greatest good, even when demand feels greater than supply.

### REINVESTING IN COMMUNITY

In 2023, 75% of our revenue came from private contributions from corporations, foundations, and individuals, and 83% of our annual nonconsolidated expenses go toward community engagement and ownership programs. We are disrupting disparities and creating wealth in our community.

## Hope Community Sustainers

The Sustainers are Hope Community donors who give monthly or quarterly to ensure consistent stability and growth. These donors provide a steady flow of funds throughout the year, enabling Hope to provide consistently high-quality programming and affordable housing.

For more information about becoming a Sustainer, please contact Lauren Daumueller at (612) 435-1695 or [ldaumueller@hope-community.org](mailto:ldaumueller@hope-community.org).

## EXPENSE

# Mission

Hope Community creates connections that strengthen the power of community members and communities.

We cultivate community leaders, build community capacity, care for the housing and community spaces we develop, and pursue equity and diversity in all we do.

## Core Values

**RESPECT** We believe in people. We relate to youth and adults as people, not clients.

**CONNECTION** We build relationships, the cornerstone of all our work.

**LISTENING** We listen to all who engage with us. The realities we hear drive our planning and activities.

**LEARNING** We incorporate reflection and evaluation in all our work and learn from our experiences.

**CO-CREATION** We encourage people to co-create projects, programs, places, opportunities—with us.

**EQUITY** We pursue racial and economic equity in all our work to achieve equitable power, access, opportunities, treatment, impacts and outcomes for all.

**STEWARDSHIP** We are responsible and accountable stewards of the natural, human, material and community resources invested in our work.

---

## Operating Principles

**WE BELIEVE** that community engagement and real estate development are integral components of community development.

**WE DEVELOP** both formal and informal partnerships to advance our mission.

**WE DESIGN** our work to strengthen multi-cultural and economically diverse community involvement and leadership, to respect different cultural perspectives, and to challenge racism.

**WE REFLECT** our strong endorsement of the leadership and power of people of color in our board and staff composition and advancement policies and practices.

**WE OPERATE** organically, intentionally, and flexibly and strive to be accountable, transparent, and authentic in all we do.

**WE RECOGNIZE** that courageous and respectful agitation is sometimes necessary to achieve change.

**WE APPRECIATE** courage, humility, patience, hope, and humor, which help make our work possible and sustainable.
